SUBJECT: Reference Letter for Ohio Valley Electrical Services

Dear Ms. Nandha:

This letter is in reference to our preferred Electrical Installation Contractor, Ohio Valley Electrical Services (OVES).

AES has been working exclusively with OVES for the past two years. We currently have three open projects that they are performing excellent services for our client and us. I highly recommend them for all your electrical installation needs. OVES can handle a wide variety of projects. From projects requiring two workers valued at a few thousand dollars, to a full crew and projects well into the hundreds of thousands.

I hope you will give them serious consideration on your next request for quotation.

Please feel free to contact me if you would like to discuss Ohio Valley Electric's excellent reputation further.

Best regards,

Rick Salerno
Project Manager
